Re: Sites Connected with Steve Martell

Dear Sir or Madam:

The United States Environmental Protection Agency (U.S. EPA) is presently investigating the circumstances surrounding the presence of hazardous substances at Sites listed in the Attachment. This action will be taken by U.S. EPA pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA) 42 U.S.C. §9601 et seq. as amended by the Superfund Amendments and Reauthorization Act of 1986 (SARA), Pub. L. 99-499. Responsible parties under SARA include the current and former owners or operators, and persons who generated the hazardous substances or were involved in the transport, treatment, or disposal of them at the site(s).

The U.S. EPA is seeking to obtain information from you pursuant to its authority under Section 104(e) of CERCLA as amended, 42 U.S.C. §9604(e), and Section 3007 of the Resource Conservation and Recovery Act (RCRA) as amended, 42 U.S.C. §6927, for the purpose of enforcing CERCLA and RCRA and for the purpose of assisting in determining the need for response to a release of hazardous substance(s) under CERCLA. The Administrator of the U.S. EPA has the authority to require any person who generates, stores, treats, transports, disposes, arranges for the disposal of or otherwise handles hazardous wastes and hazardous substances, as those terms are defined in Section 1004(5) of RCRA, 42 U.S.C. §6903(5) and Section 101 of CERCLA to furnish the U.S. EPA with information related to such activities. Pursuant to these statutory provisions, you are hereby requested to submit the following information concerning the Sites and business organizations listed in the Attachment. The relevant time period of these questions is 1955 to 1980.

1. Provide copies of all shipping documents, or other business documents including receipts, and contracts relating to the transportation, storage and/or disposal of waste materials or substances at any of the Sites and business organizations listed in the Attachment.
